TO: ALL COMPANIES ISSUING CASUALTY INSURANCE

FROM: MONROE C. GOLLAHER, DIRECTOR
 DEPARTMENT OF INSURANCE

SUBJECT: REPORTING OF LIABILITY INSURANCE STATISTICS MANDATED
 BY SECTION 41-336A, AS AMENDED BY SENATE BILL 1039,
 PASSED DURING THE 1979 IDAHO LEGISLATIVE SESSION

The purpose of this bulletin is to promulgate the forms and instructions necessary for the submission of certain statistical data pursuant to Senate Bill 1039 (Attachment 1) passed by the 1979 Idaho Legislature effective July 1, 1979. This bill requires the annual reporting by insurers of various exposure, premium, loss and claim information for Medical Malpractice Liability, Attorney Malpractice Liability, Product Liability, and any other risk or risks, whether liability or otherwise, that the Director may designate.

The Director has determined that the statistical reporting forms and instructions enclosed herein (Attachment 2) will provide for the orderly gathering of the data required by Section 41-336A, Idaho Insurance Code. In developing these forms and instructions, the Director has attended numerous meetings and carefully considered the advice and counsel of members of the insurance industry, members of the NAIC Statistical Data Compilation (B4) Subcommittee, and the staff of other interested Departments of Insurance in neighboring states.

The Department cannot waive any of the requirements for the data to be provided, nor can it interpret the law to be any less stringent than reflected by the enclosed forms and instructions.

Section 41-336A required that the reports are to be received in this office by March 1 for the preceding calendar year ending December 31. Any report not received by May 1 of each year will be the subject of disciplinary action being taken against the delinquent insurer.
